

## Meet The New Black-on-Black Finish

**They're finally here!**

Earthwise Windows & Doors is proud to announce that Earthwise of Ft. Wayne, Indiana has officially launched its new Black-on-Black Windows — a finish that remains exceptionally rare in the industry and represents a major step forward in premium design options.

This new offering features fully unified black interior and exterior frames, delivering the sleek, modern aesthetic today's homeowners and builders are demanding. Whether used in new construction or renovation projects, Black-on-Black provides a high-end, contemporary look that aligns beautifully with current exterior color trends.

As with all Home Guard products, these windows deliver outstanding durability, energy efficiency, and long-lasting performance — making this launch a significant win for our network and for markets seeking more sophisticated design solutions.

We encourage all members to connect with the Ft. Wayne team for details on styles, pricing, and lead times, and to learn how this distinctive product is already generating excitement across the industry.
